# Examination topic “My Favourite Book”

A book is one of the greatest wonders of the world. Why are so many people fond of reading? The world of books is full of wonders. Together with the characters of books you can find yourself in different countries, have a lot of adventures. They form our values and character. In my opinion, the choice of works of literature can tell you a lot about a person.

Books appeared in my life in my childhood, when my parents/granny/sister read me fairy-tales. My favourite character was Cinderella/..... .

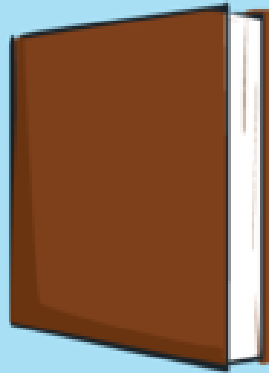

At ... years old I learnt to read myself and discovered the world of fiction. I enjoyed reading about adventures of Peter Pan, Alice in Wonderland and Mary Poppins. Now I can't stop reading detectives with catching plots, especially short stories about Sherlock Holmes. Besides, I am interested in mythology, legends and historical novels. I am fond of reading biographies of great people. They are very inspiring and usually they teach to overcome difficulties.

As for other literary genres, dramas are not my cup of tea. I prefer watching performances at the theatre to reading plays. Poetry can bring pleasure creating special mood, my favourite poet is Pushkin. Unfortunately, I don't know much by heart.

Besides, I can't imagine my studying without books on science, reference books and encyclopedias. So I think it is easy to understand what I am if I say that my favourite books are "Scarlet Sails" by A. Green, "The Little Prince" by A. Saint-Exupery and poetry about nature.
