Britain's Favorite Foods and Drinks

Though immigration and globalization have changed British tastes somewhat over the years, there are quite a few classic British dishes (and meals) that remain at the top of the list.

Roast dinners—the roast itself and of course gravy—are quintessentially British. It is the very heart of British food and cooking. If you're invited to Sunday dinner, you can expect to be served roasted meat (often lamb), along with roasted potatoes and/or Yorkshire pudding, stuffing, gravy, and vegetables such as peas, carrots, beans, broccoli, cauliflower, or leeks.

If you're invited to English teatime, in addition to a strong cup of tea, you might be offered a light snack such as bread and butter, cookies, or tea sandwiches.

England's beloved fish and chips are deep-fried in a crispy batter and remain one of the U.K.'s favourite fast foods.

Yorkshire pudding is often part of the traditional roast dinner. In fact, Yorkshire pudding is very much like a giant popover. It's traditionally made from the drippings of a roast of mutton, which are captured as the meat cooks.

The full English breakfast is famous. It's the perfect weekend breakfast and the ingredients can vary, but usually, it includes eggs, sausages, bacon, toast, beans, grilled tomato, fried mushrooms, and fried potatoes.

Nothing is better in early summer than strawberries and cream, which are popular as a light dessert across the British Isles.

Crumpets are the perfect afternoon tea treat served warm with jam or butter.
